98% strongly agree/agree that the school supports children's wider personal development

98% of our parents would recommend Field Lane to other parents

Parent Comments October 2024

The teachers are very supportive and will keep you updated when you ask

She's loving her time at Field Lane, and enjoys each day.

Excellent school, welcoming teaching and admin staff

Very supportive staff. Friendly atmosphere. Both my children are very happy at this school.

I am very happy with how my son settled into Field Lane. He goes in happily. I am very grateful for the updates and activities we get through Class Dojo. The topics and activities seem very good.

My son thoroughly enjoys coming to school and is doing very well in all areas of learning. The staff are all very supportive and keep us informed about his progress.

I have always received the best support for all three of my children during their education journey from nursery to date.

I am very happy with the progress my daughter is making, she enjoys school daily.

Excellent school and am very happy with my son's education. Brilliant staff at the school, very friendly

I am very happy with field lane and would recommend the school to others

My daughter is well settled and is excited about school. She looks forward to coming in everyday and really enjoys it with her new teacher. There are lots of after school activities for children as well as holiday clubs which she is looking forward to.

Our experience at Field Lane has been very positive. The workshops for parents are always very helpful. The staff are good at communicating with parents.

Parent Comments October 2024

My child has settled in so well and very quickly! She enjoys going to school and is happy once inside. The parent and teacher bond is super important to us as our child has SEN. We believe the support she has been getting has been absolutely amazing and it shows as she is always happy in the mornings and at pick up times. I can't thank the staff enough, especially to the support assistants who work closely with her. They do a superb job!

Could not ask for a better school for my child or any child. Great atmosphere, lovely teachers. The curriculum, the learning and everything is on point at Field Lane!

Both Miss Illahi & Miss Milner were absolutely fantastic and very supportive! Both new teachers are a great asset to Field Lane.

My son and my daughter both enjoy school especially my daughter who is in nursery and doesn't want to leave school and is eager to come. We really appreciate everything the staff have done for both our children, many thanks!

I am really pleased with the Reception teacher, Mrs Vahed. She is doing absolutely amazing in class and I have seen a huge difference in my sons learning. She is very proactive and is always giving feedback which really helps. Also I am really pleased with Miss Illahi, her teaching is amazing!

He enjoys himself at Field Lane and the experience he has had with all the teachers is really positive.

I think more work needs to be done to support children who are emotionally sensitive and this work needs to be regular and consistent and there needs to be more communication with the parents as to the actions that are being taken and how this will be taken forward throughout the year and also what parents can do at home to support the child. Saying that whenever my child has had an issue, the school have supported them swiftly and have been very supportive.

Extra work for children that want to do extra work on an evening. It would be great if there was access to an app or learning programme where children can do extra work during the week.

We have...

Last year, we adopted My Happy Mind as a programme to support children's mental health and wellbeing. The children have a weekly lesson on subjects such as how we cope with our feeling and how we develop positive relationships. There is an APP for parents to download to use at home. In addition, Mrs wareham is our Emotional Literacy Mentor who is available to support children's emotional wellbeing when it is needed and for as long as is needed.

If parents are concerned about their child's wellbeing, please speak to someone in school.

We have...

At Field Lane, our KS1/2 children have access to Purple Mash, TTRockstars and NumBots which can be accessed at home. Homework is set on a weekly basis on Class Dojo. In addition to this, the parent topic sheets have a list of suggested activities that children can do at home.

95% strongly agree/agree bullying has been dealt with quickly and effectively

We have...

We take all forms of bullying seriously and contact parents/carers immediately when we have concerns. We take part in Anti bullying week and talk to our children about what bullying means and how to get support. In addition to this, we have some children in Y5/6 training as mental health champions and they will be able to support any children who are feeling sad or lonely.

My child requires more support in certain subjects and we feel there needs to be a stronger focus on this.

We have...

Teachers have been trained in adapting their teaching to cater for the needs of all children in their class. However, maths and reading interventions or therapies are in place for those children who need additional support.

For Nursery my son comes in the afternoon and has missed the career visits in the morning. It would be nice to have the same for afternoon children too. Also more updates would be great on individual children on Class Dojo.

The only thing I would say is, I would love to see pictures/videos of my child being uploaded on Dojo so that we can see what she gets up to.

We have...

All Nursery children will have the opportunity to participate in all events.

General photos are put on Class Dojo to keep families updated on the activities we do. Unfortunately, with 55 children in the unit, individual updates are not possible.
