| <p>Field Lane JI &N makes provision for the following kinds of SEN</p> | <p>We deliver inclusive, high quality teaching to every learner, adapting the curriculum to cater for and meet the specific needs of each learner. We provide provision for learners who are considered in need of SEND support, signified by a K code, and those in receipt of an Educational Health Care Plan, signified with an E code.</p> <p>The range of special educational needs fall under the 4 Broad Areas of Need, as set out in the Special Educational Needs Code of Practice 2015:</p> <ul style="list-style-type: none"> • Communication and Interaction (C&I) • Cognition and Learning (C&L) • Social, Emotional and Mental Health (SEMH) • Physical and/or Sensory needs (S&P) <p>We provide additional and/or different provisions for a range of needs within these broad categories. For example, we have learners who have specific identifiable or diagnosed needs such as Autism; Attention Deficit Hyperactivity Disorder; specific learning difficulties, such as dyslexia; mental health difficulties; learning difficulties such as Moderate Learning Difficulties; visual impairments and/or hearing impairments and speech language and communication needs.</p> |
| <p>Field Lane JI &N identifies and assesses SEN by:</p> | <p>Ensuring all teachers are responsible for identifying learners with Special Educational Needs and, in collaboration with the learners and their parents/carers, and the SENDCo, will ensure that those learners requiring different or additional support are identified at an early stage. The progress of all our learners is closely monitored. Staff at Field Lane continually assess and evaluate the impact of teaching on all learners. Assessment data enables the identification of learners making less than expected progress. When thinking of progress this may also include progress in areas other than attainment, for example, social needs.</p> <p>Through this teaching, staff will identify those whose progress:</p> <ul style="list-style-type: none"> • is significantly slower than that of their peers • fails to match or better the learner's previous rate of progress • fails to close the attainment gap between the learner and their peers |

| | <p>In line with the SEND Code of Practice, the school uses the graduated approach through a system of assess, plan, do, review to establish if SEND needs are underlying. This begins with the class teacher using quality first teaching strategies to their day-to-day teaching using the Kirklees High Quality Teaching Toolkit. Where strategies do not appear to be having the desired impact, different intervention models will be explored and the Kirklees Graduated Response Toolkit will be used. The views and wishes of the learner and parents/carers will be included when determining the need for special educational provision. The school may decide, in collaboration with the parent/carer, to place a learner on the SEND register as SEND Support.</p> |

| <p>Field Lane JI & N aims to involve the parents and learners with SEND in the education of the learner and will do so by:</p> | <p>It is vital that we have early discussions with parents/carers and learners when identifying whether special educational provision is needed, focusing on the learner's strengths, presenting difficulties and strategies to support the learner's specific needs. We work collaboratively to ensure that next steps and actions to be taken are clear to everyone involved. We value the parents/carers views as vital to the success of the outcomes for our learners.</p> <p>Through the school's assessment and reporting systems, parents / carers will be kept regularly informed about the learner's progress. In line with the Code of Practice, we make contact 3 times per year to update parents/carers for learners who have SEND plans. Progress may also be discussed at each learner's parents evening and class teachers are regularly at the classroom doors at the end of each day or in the playgrounds should you wish to discuss any concerns.</p> <p>Parents/carers are encouraged to contact Miss Dobson, SENDCo, and appointments can be made in order to discuss the learner's needs at any time, if you require. These are in addition to regular points of contact e.g. Individual Assess Plan Do Review (I-APDR) meetings and Annual Reviews for those with Educational Health Care Plans.</p> |
| <p>Any concerns or complaints raised by a parent of a child with SEND will be dealt with by the school by:</p> | <p>As a parent/carer of a learner with SEND, concerns or complaints regarding SEND provision should initially be discussed with the SENDCo and class teacher.
